

CITY OF GUELPH DRINKING WATER SUPPLY SYSTEM DISINFECTION NEEDS REVIEW STUDY

Overview

The Province of Ontario in conjunction with a highly qualified team, is rewriting the guidance document for assessing treatment needs for well water supplies in Ontario. This rewrite will impact the monitoring, operation and treatment requirements of the existing well and collector supply systems in the City of Guelph.

C3 Water was tasked to assess the ability of the existing systems to provide the required level of treatment at all existing supplies and recommend upgrades where required.
